Re: Letter of Reference / Testimonial: Memory Makers Entertainment

To whom it may concern,

I have known and worked with Dave Woll (Memory Makers Entertainment) for more than 15 years. The trademark wingtips caught my eye at our first gig – and the deal was cinched after that first flawless event. Having worked with brides and grooms longer than that, I know that it takes more than outstanding food, booze and service – you have to have a DJ that knows how to give you the party you want! Memory Makers DJs know how to read the party and provide the music that will get your guests on the dance floor and keep them there. In addition to rocking it out for you – when I see their name on my bride's vendor sheet, I know that they will show up on time, with the right equipment for the venue, be prepared for any emergency or last-minute change, and manage the microphone for your program to ensure an organized and fluent wedding and/or reception.

Regarding the Freeze Frame Photo Booth – this is the real deal – the original concept – with a professional attendant to manage the guest book. I love that it doesn't take up a lot of floor space and setup time. Their concept adds to the party – not detract from the main focus – You!

They have been on our Preferred Vendor list for the last 15 years – we proudly refer them to our clients - both wedding and other social events...and are always happy to get to work with them.

Sincerely,

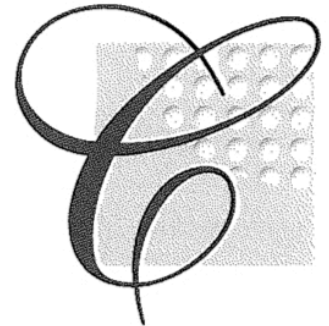

Mary Durkin-Bauer
